

CONGRESSIONAL FORECAST

An Early Vote is Expected on the Cuban Resolutions.

DEBATE WILL BE RESUMED

Senators Who Will Speak on the Question—The Dupont Case Temporarily Laid Aside—Business Before the House.

Washington, March 15.—It is probable that the week opening tomorrow will witness the conclusion of the Cuban debate in the senate, for Mr. Sherman, in charge of the conference report, has given notice that he intends to press the question on an early vote.

Senator Morgan, of Alabama, the chairman of the committee, has given notice that he will speak on the report on the conference report. It is not unlikely that he will reply to some of the strictures upon the members of the senate made by Minister De Lome. Others who intend to speak on the subject are Senators Platt, of Connecticut; White, of California, and probably Butler, of North Carolina.

The chief objection to the conference report is the acceptance by the senate conference of the third clause of the home resolution, relating to intervention. This identical clause was submitted to the senate committee, and after mature deliberation, was rejected.

One prominent senator, who intends to speak in support of the report, is the senator who has reported this clause in its own resolutions. They would not have received one-third of the vote of the senate.

The objection to this clause is so bitter that it is not improbable the report may be sent back to conference, although such a contingency is not seriously expected.

One senator who has given the question careful consideration is authority for the statement that the report will be agreed to but that the vote against it will be at least twenty instead of six as against the original proposition.

DUPONT CASE.

The Dupont case has been temporarily laid aside to take up the senate Arkansas compromise bill agreed to last year by Secretary of War Taft and Governor Clark, of Arkansas, on the other, whereby all indebtedness on the part of each is to be finally settled by the payment by the state of Arkansas to the United States of \$572 in money, and of one hundred and sixty-one thousand dollar bonds of the state held by the United States.

Mr. Lodge has given notice that tomorrow he will speak on the immigration bill, reported from his committee. Mr. Pugh, of Alabama, will address the senate upon the tariff bill, his remarks, it is understood, will relate more to the free coinage of silver than to the tariff.

When the consideration of the Dupont case is resumed, Mr. Gray, of Delaware, Mr. Chandler, Mr. Burrows and Mr. George will speak.

Mr. Butler, of North Carolina, will also, during the week, call up his resolution to prohibit the further issuance of bonds and make a speech thereon.

The legislative appropriation bill will be reported Wednesday.

BUSINESS IN THE HOUSE.

The programme of business in the house this week presents a varied character. Tomorrow will be committee suspension day, when chairman of committees may call up for consideration any measure under suspension or the rules. Among measures thus brought up it is expected will be the bill relating to the location of hospitals at the home of George Martin, near Muncie, Layden is subject to epileptic fits, and while walking in Martin's barnyard was attacked by a snake which bit him on the neck. His flesh was lacerated in a frightful manner before assistance reached him.

While he was unconscious a drove of hungry swine began tearing his clothes. His flesh was lacerated in a frightful manner before assistance reached him.

His head off for love.

Wealthy Bachelor Kills Himself Because His Suit is Rejected.

St. Joseph, Mo., March 15.—Andrew Lowery, a wealthy bachelor living near Maryville, grieved over the rejection of his suit by a neighbor's daughter, and putting the knife of a double-barreled shotgun to his mouth, he touched the triggers with his toe and blew off his head.

A UNIQUE SETTLEMENT.

How a Defendant Got Clear of a Plain Case Against Him.

W. A. Woolwine, of Los Angeles, who is here in the interest of the San Pedro oil and project, formerly lived in Tennessee, and tells the following story of Judge D. M. Key, now retired:

"I mounted a horse and assumed to be half wild and brought into court charged with moonshining.

"Are you guilty or not guilty?" asked the judge.

"I don't know what you mean?" returned the prisoner.

"Did you or did you not make liquor without paying license?"

"Course I didn't good liquor, judge."

"Well, didn't you know it was wrong?"

"Course not. Pap made it, an' he was a good man, a preacher."

There was such a vacant look in the man's face that Judge Key believed him to be semi-delirious. Turning to the district attorney he said: "I don't know what to do in this case. The man is evidently non compos mentis."

"I'll tell you, judge," suggested the culprit, "sposin' we jess let this thing drop on both sides."

And the case was "dropped."

THE MEDICINE GOOD.

But the Farmer Didn't Know How to Administer It.

From the Chicago Tribune.

"Say," complained the customer in the faded brown hat, "that hog cholera mixture, you sold me ain't worth nothin'."

"How did you give it?"

"I give it I didn't give it to them at all, I put some of it in the trough and the hogs would touch it. I mixed it with their feed, but it didn't do any good. They won't have it at any price."

"Certainly not," replied the druggist's clerk. "You don't think hogs like medicine any better than children like it, do you?"

"You didn't administer it the right way, you should take each hog separately, put a rope round its neck, lead it up to a tree with a strong line, throw the rope over the limb and pull the hog up till it stands on its hind feet. This will cause it to open its mouth. Then, with a strong iron spoon you insert the medicine into the animal's mouth, being careful to see that none of it spills or runs down the wrong way. Should it be vomited, you must give it again, you use the handle of the spoon as a lever and pry them carefully apart, at the same time the angry agriculturist had gone snorting out of the store.

WAY CLEAR FOR CRISP.

Secretary Smith Not to Be a Candidate for Senator from Georgia.

Washington, March 15.—It is announced here semi-officially that Secretary Hoke Smith will not be a candidate for senator from Georgia to succeed General Gordon. The election of ex-Senator Crisp to that office is now generally conceded, and Mr. Crisp is busy receiving the congratulations of his friends. Secretary Smith has made a vigorous sound money campaign in Georgia, not in his own behalf, but for the purpose of preventing the free silverites carrying a solid delegation to the Chicago convention.

The secretary is a powerful campaigner and has met with gratifying success. A majority of the Georgia Democrats are still for silver, however, and will choose ex-Speaker Crisp for their senator for the six-year term, beginning next March.

VICTORY FOR A REED LEADER.

A Fusion of Alabama Republicans and Populists is Effected.

Birmingham, Ala., March 15.—For some time a contest has been going on in this county in the ranks of the Republicans and Populists. The contest has been for fusion or no fusion. Dr. R. A. Moseley, jr., chairman of the Republican state committee, was fighting for fusion, and Mr. Vaughan was opposing it. This matter finally came to a test yesterday.

About 300 Populists and Republicans from Birmingham and Jefferson counties went to the meeting at the meeting, and on a motion to cooperate, or fuse and divide, the county nominees equally, only about five votes were cast for the fusion. The result was against it. This is regarded as a great victory for Dr. Moseley, the Reed leader, over Vaughan, the McKinley leader.

BLACK KNIGHT CAGED.

One of the Alleged Assassins of Cesar Alexander II is a Kentucky Jail—A Strange Story.

Louisville, Ky., March 15.—Darnley Beaufort, who is confined in the county jail at Bardonia, awaiting trial for nameless crimes committed as prisoner of the College at Gettysburg, Pa., by the learning of which caused his discharge by the Trappist monks, whom he had duped, is now said to be one of the band, which assassinated Cesar Alexander II. He is said to be known as Adhemar, the Black Knight, and was ex-gard master of the Knights of St. Andrew. The story was published at great length yesterday by the Justice, the organ of the American Protective Association. The Justice prints the story as a fact, and gives letters to confirm his assertions. It says his fellow members of the nihilist order have let him want for nothing since his incarceration, and that his lawyer is to be released tomorrow if desired.

After a page of his early history and the publication of several letters from Europe, the papers say Beaufort was present at the assassination of the czar, and afterwards married the sister of the man who threw the bomb. A letter from her is appended. The whole story is so credible for its many direct statements that it is either the truth or was inspired by Beaufort himself. The latter view is generally accepted by those who have seen the issue of the paper.

BATTLE WITH TRAMPS.

Five Hobos Open Fire Upon Officers at Trenton.

Trenton, N. J., March 15.—Detective Applegate, of the local police, went to East Trenton yesterday to arrest five tramps, one of whom had shot two officers in the leg. The officers fired upon the officer as soon as he made his appearance, and a bullet hole in his coat testified to his narrow escape from the hands of the law.
